# OUR MISSION

Since 1993, the Reno News & Review has been the source of independent news, arts coverage, commentary and culture for Reno, Sparks, Carson City, Minden, Gardnerville and the Lake Tahoe area.

We believe in true, honest journalism: We want to afflict the comfortable, and comfort the afflicted. We want to be a mirror for the entire greater Reno-Sparks area. We want to inform, enlighten and entertain.

We will never let advertisers determine what we cover, and how we cover things. In other words, we will always tell it how we see it. If we lose an advertiser due to an unflattering story, a negative review or something else, so be it.
